treated as *other property or money* for purposes of section 1031(b).) Accordingly, under section 1031(b), \$40,000 of the \$120,000 gain is recognized. The basis of the apartment house acquired by D is \$170,000, computed as follows:

Adjusted basis of property transferred .....	\$100,000	
Liabilities to which new property is subject .....		150,000
<b>Total .....</b>	<b>250,000</b>	
Less:		
Amount of money received:		
Cash .....	\$40,000	
Amount of liabilities subject to which property was transferred .....		80,000
		<b>120,000</b>
Difference .....		130,000
Plus: Amount of gain recognized upon the exchange .....		40,000
<b>Basis of property acquired upon the exchange .....</b>	<b>170,000</b>	

(c) E realizes a gain of \$75,000 on the exchange, computed as follows:

Value of property received .....	\$220,000	
Liabilities subject to which old property was transferred .....		150,000
<b>Total consideration received .....</b>	<b>370,000</b>	
Less:		
Adjusted basis of property transferred ..	\$175,000	
Cash .....	40,000	
Liabilities to which new property is subject .....		80,000
		<b>295,000</b>
<b>Gain realized .....</b>	<b>75,000</b>	

For purposes of section 1031(b), the amount of *other property or money* received by E is \$30,000. (Consideration received by E in the form of a transfer subject to a liability of \$150,000 is offset by consideration given in the form of a receipt of property subject to an \$80,000 liability and by the \$40,000 cash paid by E. Although consideration received in the form of cash or other property is not offset by consideration given in the form of an assumption of liabilities or a receipt of property subject to a liability, consideration given in the form of cash or other property is offset against consideration received in the form of an assumption of liabilities or a transfer of property subject to a liability.)

Accordingly, under section 1031(b), \$30,000 of the \$75,000 gain is recognized. The basis of the apartment house acquired by E is \$175,000, computed as follows:

Adjusted basis of property transferred .....	\$175,000

Liabilities to which new property is subject .....		80,000
<b>Total .....</b>	<b>295,000</b>

Difference .....		145,000
Plus: Amount of gain recognized upon the exchange .....		30,000
<b>Basis of property acquired upon the exchange .....</b>	<b>175,000</b>

### § 1.1031(j)-1 Exchanges of multiple properties.

(a) *Introduction*—(1) *Overview*. As a general rule, the application of section 1031 requires a property-by-property comparison for computing the gain recognized and basis of property received in a like-kind exchange. This section provides an exception to this general rule in the case of an exchange of multiple properties. An exchange is an exchange of multiple properties if, under paragraph (b)(2) of this section, more than one exchange group is created. In addition, an exchange is an exchange of multiple properties if only one exchange group is created but there is more than one property being transferred or received within that exchange group. Paragraph (b) of this section provides rules for computing the amount of gain recognized in an exchange of multiple properties qualifying for nonrecognition of gain or loss
